With the rising interest in materials that are sustainable and manufactured responsibly, Nippon Paint would like participants to experience how coatings can help to optimize project costing, and expand the horizon on coatings solution subject matter. Nippon Paint bring coatings a step further by showcasing new coating technologies that could solve all coatings need with **a walk-through of over 12,000 sq. feet of coating solutions** covering all Nippon Paint's business segments : Architectural, Commercial, Industrial, Heavy Duty, Infrastructure and Automotive.

The expo offers a new perspective on how coatings can be used as a form of protection and decoration on many other materials and different industries. This Nippon Paint Forward Coatings Expo is currently open to business partners and industry professionals, featuring a showroom concept which are divided into 2 main areas: Home Living Landscape and Commercial & Industrial Landscape.

## GreenRE Rating Tool

GreenRE was set up by REHDA in 2013 to promote sustainability in the property industry. GreenRE has developed one of the leading green rating tools in Malaysia, recognized by KeTTHA, MGTC, MIDA, IRDA and local authorities.

The introduction to :

- Overview of government targets and initiatives for the green building sector
- Overview of Malaysian standards relevant to green buildings (i.e MS-1525 and MS-2680)
- Introduction to GreenRE and certification process
- Overview of GreenRE Non-residential, Residential, Township and Infrastructure toolkits
- Overview of GreenRE training courses and seminars

### IMPORTANT NOTES

1. Dress code : smart casual with covered shoes (slippers or sandals are NOT ALLOWED)
2. Closing date for registration : 20 July 2018
3. For any enquiries, please contact RISM Secretariat, Ms. Vanitha at 03-79551773
