The Board of Valuers, Appraisers, Estate Agents and Property Managers Malaysia has recently revised the MVS and now we have the 6th Edition.

This Edition has made substantial changes and the entire Standards will be explained during the Session. Apart from the MVS itself, the Booklet will have a separate (non-mandatory) Section which will carry the Business Valuation Guidance Notes and the rationale for its inclusion into the MVS will also be explained.

Apart from explaining the MVS, the Speaker will also relate MVS to other International Standards, in particular the International Valuation Standards 2017 and the Asset Valuation Guidelines of the Securities Commission (applicable for SC and Bursa valuations).
